

## **'Can Do' for Veterans guidelines**

---

### **Teams of Two and Clinical Education**

'Can Do' for Veterans comprises the two modules of training used during the pilot phase of 'Can

- 'Teams of Two' comorbidity networking module
- The 'Can Do' clinical education module

The 6 ½ hour clinical education program and the six units currently contained in the national 'Teams of Two' comorbidity networking module remain as core training. All processes for delivery of the training modules remain the same.

### **Veteran focus**

AGPN has developed the following new materials for 'Can Do' for Veterans. These replace the current resources

- 6 case studies with a veteran perspective
- Accompanying facilitators notes
- Links to additional resources and web sites
- Revised evaluation forms to reflect the veteran focus.

*\*These materials are available on the 'Can Do' for Veterans web site only.*

### **Facilitation**

In choosing facilitators for 'Can Do' for Veterans it is recommended that one of the facilitators is a representative from DVA or VVCS.
